Christmas Tree Pot

- Centering Disk assures alignment.
- Overflow trough protects floors from spills.
- Ideal for trees up to 2.5mt. tall with a 150mm trunk.
- Extra wide base for stability.
- 100% Australian made & Australian owned.

Instructions for assembly

1. Ensure end of trunk is cut square.
2. Remove nail from clips on Red Centering Disk, and hold in position to recess in middle of Centering Disk.
3. Insert centering disk into center of trunk.
4. Drop 4 nuts in slots around perimeter of stand.
5. Gently place trunk into stand.
6. Screw in 4 eyebolts and fit plastic caps to end of threads.
7. Tighten eyebolts evenly and adjust tree vertically.
8. Fill reservoir with water. Do not over fill, just add water as needed.
9. After use, secure nail in clip on Red Centering Disk.

The manufacture will not accept responsibility for damage, including or consequential damage, resulting from improper use of this product.
