# PREMIER ATTIC LADDER

CODE: KASW12

Make accessing your roof space a breeze with the Kimberley Premier Attic Ladder.

Featuring gas struts for smooth operation and non-slip steps for extra stability, this ladder fits perfectly between standard 600mm ceiling joist centres. The plywood door panel is paintable to blend with your ceiling and the ladder feet grip the floor to provide a sturdy climbing platform.

Designed for light residential duty the Kimberley Premier Attic Ladder is light, easy to install and easy to operate.
